

Show/Hide Parameter Using Web Authoring

Almost 5 years ago, this issue was reported. Please allow parameters to be shown/hidden in Web Authoring. This will be key in transitioning more development to Web Authoring.

Issue

The option to enable parameter controls is unavailable when using the web edit tool on Tableau Server.

Environment

Tableau Server

Work-Around

Show or hide the parameter control in Tableau Desktop prior to publishing.

Cause

Currently, the **Show Parameter Control** option is not available from the Web Edit tool on Tableau Server.
